Applicants should submit claims limited to the elected invention.**
2. Claims 31 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The limits and criteria for the term "beneficial" are subjective and have not been described in the specification. The claim is addressed to the inhibition of NEP and the treatment of FSD and FSAD. The scope of beneficial in such diverse and subjective areas has not been described. Further, the term appears to imply the possibility of non-beneficial therapeutic responses.
